#### The Objects of the Association

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory Business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing collecting or canvassing for any fraudulent or "fake" Directory.

## **Introductory**

---

**T**HE PUBLISHERS take pleasure in presenting herewith the Tenth Edition of Henderson's Brandon Directory.

The Advertising Department presents the names of corporations, firms and individuals who have made Brandon the city that it is, and who represent the financial, industrial and commercial power of Western Canada.

The Miscellaneous Section in the front part of the volume contains statistics and information, much of which is not found elsewhere in print.

The value of the street directory is not appreciated to the extent it should be by some who desire to locate a certain house on a street unfamiliar to them. By application of the following example the location of any street number can be found expeditiously. Suppose 221 Fourth St. is wanted: refer to street section, Fourth St.—glance down to 221, then to the nearest intersection to 221. It will be found that this number is on the east side of the street, five houses south of Princess, between Princess Ave. and Lorne Ave.

The Classified Directory contains a complete alphabetically arranged list of all articles manufactured and sold in Brandon, which forms a most efficient wholesale and retail buyer's guide.

### **ADVERTISING BRANDON**

Through the exchange of directories with the various directory libraries throughout the United States and Canada and the sale of the Brandon Directory to many institutions, hotels and stores in large cities, the directory is circulated throughout the country and serves as a lasting advertisement for our city.

The Publishers desire to thank their patrons and the general public for the courtesy extended at all times to their representatives, and to say that they fully appreciate the confidence which the business and professional men of Brandon have always shown in their publications.

## CITY WATERWORKS PUMPING STATION

The Waterworks Pumping Station is situated on the northwest corner of 26th Street and Macdonald Avenue and north of the C. P. R. tracks. It is  $1\frac{1}{4}$  miles west from the City Hall.  
Superintendent and Chief Engineer—Robert McFarlane  
Assistant Engineers—John W. Anderson, F. Lockhart, W. Jones

The water supply is taken from the Assiniboine River. The water is received into a three-gate intake well on south bank of river and flows by gravity through a 40-inch underground intake to suction wells in pumping station which is 1,000 feet south of the river. The

system is what is known as direct pumping, there being no reservoir or stand pipe. The plant consists of one two-million gallon per 24 hours D'Auria vertical type high duty pump, one three-million gallon per 24 hours D'Auria horizontal high duty pump. The pumps are operated by twin tandem compound engines equipped with the Corliss valves and can be operated condensing or non-condensing, and one steam turbine engine, centrifugal pump, capacity per 24 hours 1,150,000 gallons; eight 500,000 gallon pressure filters. Boilers, two 75 horse-power return fire tube boilers equipped with dumping and shaking grates and two 150 horsepower return fire tube boilers equipped with automatic chain grate stokers.

Buildings: Engine room 36x44 feet, two filter rooms, one 36x44 feet and one 33x60 feet, boiler room 30x44 feet and an addition to boiler room 46x82 feet. There are 2,200 domestic services, of which 2,175 are on meters, and 192 fire hydrants. #### SYSTEM OF NUMBERING HOUSES

The system of house numbering adopted by the City of Brandon is the Philadelphia or Decimal System. By this system an even hundred numbers are allotted to each block and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

On avenues which run east and west a number is allotted to every twelve feet, and on streets which run north and south a number is allotted to every fifteen feet.

Odd numbers are located on the east and north sides, and even numbers on the south and west sides.

The affix "east" is used to indicate avenues that number eastward from First Street and the affix "north" is used to indicate streets that number northward from Pacific Avenue.

Pacific Avenue is taken as a basis for all streets running south starting at number 1 and going southward 100 to the block to the southern limits of the city.

Assiniboine Avenue is the basis for all streets running northward starting at number 1, going northward 100 to block to the northern limits of the city.

First Street is the basis and dividing line for all avenues which run east and west. Starting at 100 and going westward 100 to the block to the western limits of the city, and again starting at number 1 and going eastward 100 to the block to the eastern limits of the city.

Rosser Avenue and all avenues running westward from First Street are intersected as follows:

Number	Number
100 First Street	1000 Tenth Street
200 Second Street	1100 Eleventh Street
300 Third Street	1200 Twelfth Street
400 Fourth Street	1300 Thirteenth Street
500 Fifth Street	1400 Fourteenth Street
600 Sixth Street	1500 Fifteenth Street
700 Seventh Street	1600 Sixteenth Street
800 Eighth Street	1700 Seventeenth Street
900 Ninth Street	

1800 Eighteenth Street and so on to Thirty-fourth Street and western boundary of the city.

Rosser Avenue East and all avenues running eastward from First Street are intersected as follows:

Number	Number
1 First Street	500 Rideau Street
100 Dennis Street	600 Franklin Street
200 Russell Street	700 Percy Street
300 Frederick Street	800 Douglas Street
400 Park Street	900 Tenth Street

1000 Eleventh Street and so to Seventeenth Street and eastern boundary of the city.

First Street is a basis for all streets running southward from Pacific Avenue west of First Street, which are intersected as follows:

Number	Number
1 Pacific Avenue	800 College Avenue
100 Rosser Avenue	900 Park Avenue
200 Princess Avenue	1000 Southern Avenue
300 Lorne Avenue	1100 Brandon Avenue
400 Louise Avenue	1200 Hill Avenue
500 Victoria Avenue	1300 Queen Avenue
600 McTavish Avenue	1400 Brock Avenue
700 Van Horne Avenue	

1500 Richmond Avenue, the southern boundary of the city.  
East of First Street are intersected as follows:

Number

1 Pacific Avenue	Number
100 Rosser Avenue	800 College Avenue
200 Princess Avenue	900 Park Avenue
300 Lorne Avenue	1000 Hawthorne Avenue
400 Louise Avenue	1100 Madison Avenue
500 Victoria Avenue	1200 Lexington Avenue
600 McTavish Avenue	1300 Clark Avenue
700 Van Horne Avenue	1400 Spadina Avenue
1500 Wellington Avenue, the southern boundary of the city.	

### TRANSPORTATION FACILITIES

The city is connected by four great trunk lines, viz.: the Canadian Pacific, Canadian National, Great Northern and the Grand Trunk Pacific Railways. The construction of the Hudson's Bay Railway will assist in making Brandon the distributing point for all the produce of western and southern Manitoba, together with the eastern portion of Saskatchewan, for the world's nearest market.

Brandon is the second divisional point on the C. P. R. system west of the Manitoba boundary in the very heart of the Province.

The Canadian National Railway Company's new main line from Port Arthur to Regina gives Brandon a fast through passenger service. This Company realizes that Brandon is one of its most important divisions.

The Great Northern terminal from St. Paul is located in the business centre of the city. Its handsome passenger depot facing and extending across Twelfth Street close to Rosser Avenue, substantial brick freight sheds and offices have been erected by the Company adjacent to its passenger depot. The Company finds it necessary to make still further provision for the increasing traffic. An extension of this company's lines is to spread its system out to all points from Brandon.

The Grand Trunk Pacific's connecting line gives Brandon a fast service to Edmonton and intervening points, as well as providing the city with closer freight rates.

Brandon Municipal Railway owns and operates 10.31 miles of track, 10 motor cars, 10 trail cars, 1 snow sweeper, 2 direct current motors supplying total power of 807 K.W. 550-600 volts power purchased from The Canada Gas & Electric Corporation, Limited.

## **BRANDON EXPERIMENTAL FARM**

The Experimental Farm is adjacent to the city on the northwest, the farm buildings being about 2½ miles from the business centre. The farm is 652 acres in extent, four hundred of which are in the valley of the Assiniboine River and the balance on the sloping sides and upland. There is thus a variety of soil and exposure.

The farm was established in 1883 by the Government of Canada for the purpose of testing varieties of grain, fodder, crops, roots, vegetables, fruits, trees, etc., and of testing methods of handling the land best suited for Manitoba conditions. Feeding experiments are also conducted with cattle, swine, sheep, etc.

The farm is open for the general public to visit. About 10,000 on an average visit the farm annually, principally during midsummer when the crops are looking the best.

## The Objects of the Association

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory Business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising releases which operate under the name of Directories, and to drive unprincipled promoters out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members so far as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing collecting or canvassing for any fraudulent or "fake" Directory.
